Accommodation Services provides support and advocacy for students with disabilities to ensure students have equal access to educational opportunities. Accommodation Services assists students through an interactive process to identify reasonable accommodations. We support students enrolled in credit, continuing education courses, high school students taking college classes, etc. We serve students with (but not limited to) Learning Disabilities, ADHD, Autism, Chronic Health conditions, Mental Health conditions (such as Anxiety, Depression), Temporary Injuries and more. If interested in academic accommodations, contact our office or visit our website for further information.
