

# FACILITIES

---

The Kirkwood Library is located on the Cedar Rapids Main Campus on the first floor of Benton Hall. There are many places to study on the first and second floors, comfortable seating, study carrels and natural lighting. The second floor is designated as a quiet study area and has several group study rooms.

Some library services will be available in the Learning Commons at the Kirkwood Regional Center at the University of Iowa, in room 052 on the lower level.
