

ADVANCED CHASSIS CERTIFICATE

Entry Time

Fall

Award

Certificate

4 terms

The Advanced Chassis certificate provides beginning through advanced level skills and knowledge in the areas of suspension, steering, heating, air conditioning, and brakes. Students can use this certificate to help obtain a position as an automotive technician specializing in these areas. This program is overall Master-certified by the National Automotive Technicians Education Foundation (NATEF) and the National Institute of Automotive Services Excellence certifies our instructors as Master Technicians.

A tool set is required for this program.
