

CARPENTRY DIPLOMA

Entry Time

Fall

Award

Diploma
1 year (2 terms)

The Carpentry program prepares students to enter the skilled building trades. Students are given a hands-on intensive introduction to the skills used by carpenters. The classroom experience combines lecture and lab activities that cover all aspects of a carpenter's job.

This program requires OSHA-10 Construction.

This diploma is eligible for state and federal financial aid.

Career Opportunities

- residential carpenter
- commercial carpenter
- gateway to apprenticeship program

Carpentry Tool Requirements

Students in the Carpentry program are required to have a tool set for lab activities. Instructors will provide students with a list of minimum requirements. Students must purchase the tool set on their own.

Additional Program Requirements

Carpentry students are required to complete hands-on coursework at a job site out of town certain days of the week. Please see the instructor for more information.
